

## PRODUCT CODE: TCAE-0

### TCAE-0 Thompson Coupling

Unfactored Power up to 15Kw (20HP) @ 1440rpm

### COMMON USES

For low range power demand solutions such as coupling small electric water pumps in modern factories.

- No need for laser alignment,
- maintenance free,
- reduced operating costs,
- quick access time for motor or pump swap out,
- and a long life span.

Capable of 5 degrees total angular misalignment in multiple planes – parallel offset, axial, or angular.
